TUHIN AKHTAR

A passionate PHP developer seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learnings. I have a strong foundation in PHP programming, along with a deep curiosity to explore and adapt to the latest web development trends. I thrive on turning creative ideas into functional, user-friendly websites and web applications

PROJECTS

Online Shopping Cart

An online clothing store where people can buy various products. This dynamic website have a very user friendly experience for buyer and seller. It's easy and organized to use for both buyer and seller. For buyer it has a login/signin part so buyer can check there order. This e-commerce site also has a suggestion part for buyers according to there preference It's has a admin section for management of the website, organize the whole website. It's integrated with paypal for online transaction and also support COD.

Language(s) used : PHP, HTML, MySQL, CSS, JavaScript
